AMALGAM

DEFENSE SOLUTIONS, LLC

“THE CORNERSTONE OF IAMD”

AMALGAM Defense Solutions, LLC is a Service Disabled, Veteran Owned Small Business providing professional services specializing in Integrated Air and Missile Defense (IAMD), Counter Unmanned Aerial Systems (C-UAS), Information Warfare (IW), Worldwide Command & Control Interoperability, Agile Combat Employment (ACE) and Battlespace Cyber Defense subject matter expertise. Our professionals bring 350 years of combined national defense experience to meet our customer's needs. We are ***“The Cornerstone of IAMD”***.

Our national defense subject matter expertise is global. ADS professionals operationalized the joint and combined defense of the Arabian Gulf nations, Jordan, Israel and NATO. We authored the bilateral national defense plans, shaped and executed over 300 security cooperation engagements. Currently, our professionals are the pioneers of air component Information Warfare in the U.S. Central Command area of responsibility and drive the development of the Middle East Air Defense (MEAD) Agreement. These initiatives ensure 100% air and missile defense coverage and information dominance for 20 million civilians, 13 thousand U.S. government personnel, 1,200 high value assets and \$40 billion dollars in operational and tactical hardware across 2.7 million square miles.

IAMD / C-UAS / IW AGILE COMBAT EMPLOYMENT

Our Subject Matter Experts (SMEs) are highly experienced former military and civilian professionals from the U.S. national defense community. We advise senior leaders, train personnel, develop key techniques and processes, and engage with staffs to meet our customer's needs.

During our initial assessment, we listen to understand your organization's needs. If the specific needs are unknown, on request we will outline them in accordance with your desired outcome. We assess associated risks, develop strategies to overcome challenges and provide tailored operational roadmaps to reach your specific service needs and national defense goals. For FTE positions, we will provide the most qualified professionals to meet mission requirements.

SERVICES AVAILABLE

- Strategic / Operational Level IAMD SME
- Executive Leadership Advisement
- IAMD Training Pipeline Development
- C-UAS Planning and Operations
- Cyber Defense SME / Training
- Secure Interoperability Network Development
- Agile Combat Employment Planning / Operations SME

541618 – Other Management Consulting Services
541715 – Research and Development in the Physical, Engineering and Life Sciences
611430 – Professional and Management Development Training
611699 – All Other Miscellaneous Schools and Instruction

WORLDWIDE C2 INTEROPERABILITY

The ability to share classified information across secure media is critical for national defense and success in the battlespace. Our operational command, control and communications SMEs authored the U.S.'s current interoperability and cyber security doctrine used across the globe.

We design voice and digital architectures to meet your strategic, operational and tactical defense needs. Upon request, we will train your personnel to **operate, integrate and employ** newly purchased and legacy systems.
