- 928120 – International Affairs

CERTIFICATIONS

- Air Operations Center (AOC) Certified
- Cyber Security Systems Integrator (CSSI)
- Joint Interface Control Officer (JICO)
- Integrated Air & Missile Defense Officer (IAMDO) Certified

DIFFERENTIATORS

WORLDWIDE C2 INTEROPERABILITY

Advanced strategic, operational and tactical expertise in global Command and Control (C2) across large geographic areas and the ability to exchange classified information over secure media is critical for success in the battlespace and national defense.

INTEGRATED AIR & MISSILE DEFENSE

Our highly experienced Subject Matter Experts (SMEs) specialize in Joint and Combined air, ground and surface-based defense. Their expertise in the associated operational and tactical C2 is unparalleled. They are capable of advising senior leaders, training personnel, and developing key techniques and processes to meet our customer's needs.

COUNTER UNMANNED AERIAL SYSTEMS

Mitigating autonomous or piloted UAS threats is essential to ensuring force protection, civil defense and national sovereignty. AMALGAM professionals are adept at eliminating these threats.

INFORMATION WARFARE

Controlling the narrative, dominating the cyber domain, conducting psychological operations and ensuring command and control of the electromagnetic spectrum via focused intelligence preparation of the operational environment is critical to mission success.
